

Form. Engineered.

What drives us...

At Formalytika we...

- Deliver **industry-leading engineering** and consulting services that drive **innovation and value** for our partners.
- Give each client and delivery partner **personalized attention** that they deserve. Form lasting relationships.
- Drive efficient, and sustainable solutions, **custom-tailored** to each project.
- Entwine **creativity** into the company fabric. Think out-of-the-box, solve out-of-the-box.
- Champion **learning and innovation**. “Perfect” tools and processes do not exist.
- Leverage **cutting-edge technology** to provide best-possible outcomes.
- Raise equity through **frugality and efficiency**, even as the business scales.
